What is Telstra Business Broadband?

The Telstra Business Broadband service gives you a high performance, carrier-grade, dedicated connection to the Internet supported by 24x7 business technical helpdesk.

Full details about the Telstra Business Broadband service are set out in Our Customer Terms.

An Early Termination Charge may apply if your Telstra Business Broadband service is cancelled before expiry of your minimum term.

The Business Broadband **DSL Transfer** Process is available between certain DSL services. The terms and conditions of the Business Broadband DSL Transfer Process appear in the Transfer Authority Form included at the end of this Application Form.

The **Ops Name** is an identifying name and number for your Business Broadband service. It is listed on your Telstra bill.

Note An Early Termination Charge may apply if you are migrating from an existing service to Telstra Business Broadband before expiry of your minimum term for that existing service.

Note For customers migrating from BigPond ADSL, you will continue to have access to your BigPond ADSL email and additional services for an indefinite period of time, unless otherwise notified by us. Full details are set out in Our Customer Terms.

Service Details

Please select whether you are applying for a new or additional Telstra Business Broadband service, wish to change, relocate or cancel your existing Telstra Business Broadband service or migrate an existing service to a Telstra Business Broadband service

- | | | |
|--|--|---|
| <input type="checkbox"/> New service | <input type="checkbox"/> Change existing speed and or download allowance [^] | <input type="checkbox"/> Relocate the site of an existing service |
| <input type="checkbox"/> Additional service | <input type="checkbox"/> Migrate an existing Business Broadband Access, Starter or Advantage ADSL service. | <input type="checkbox"/> Migrate an existing Telstra Internet Direct ADSL service |
| <input type="checkbox"/> Migrate an existing BigPond ADSL service* | <input type="checkbox"/> Cancel existing service(s) | <input type="checkbox"/> |

[^] Changes to your speed and/or download allowance within your Telstra Business Broadband service are treated as a variation to your existing Telstra Business Broadband service. Only your speed and/or download allowance and the applicable charges will change and all other terms and conditions remain the same. To avoid doubt, your minimum term continues unchanged and does not recommence as a result of this variation.

* If your existing service is still within the minimum term for that service and you apply to migrate it to a new Telstra Business Broadband service, you acknowledge that an Early Termination Charge may apply.

DSL Transfer

If you are presently a customer of another service provider for your ADSL service, do you wish to participate in the Business Broadband DSL Transfer Process if it is available for your service?

Yes No

If 'Yes', please complete the Business Broadband DSL Transfer Authority Form attached to this Application Form.

Existing service changes and migration

If you wish to add an additional Telstra Business Broadband service, or to change, relocate or cancel your existing Telstra Business Broadband service, or to migrate an existing Business Broadband Access service, a Business Broadband package or a Telstra Internet Direct ADSL service to a Telstra Business Broadband service, please complete the details below

Account Number	Ops Name	Full National Number (FNN)
		N R

If you are applying to migrate an existing BigPond ADSL service to Telstra Business Broadband, please complete the details of your BigPond ADSL service below

Your BigPond Line (phone) number	()
Your BigPond account number	
Your BigPond User Name	
Your BigPond Email Address	

Site Address is the location at which you wish your Telstra Business Broadband service to be installed.

Site Details

Site Address

Please specify your Site Address below (which must include the level and/or unit number, if applicable)

Level No	Unit No	Street No
Street Name		
City/Suburb	State	Postcode

Site Contact Details

Please tick here if the person who will be available locally at the Site Address is the same as the Technical Contact Details.

If not, please list the contact details of your site contact person below

Contact Name

Campaign Pricing Code	

Minimum Term (do not select a term if you are changing your existing Telstra Business Broadband service speed and/or download allowance only)

24 months

The monthly price for your Telstra Business Broadband service varies depending on the access speed that you select and/or your chosen gigabyte allowance. Please select from the applicable options below

Service	Access Speed	Gigabyte Allowance
Telstra Business Broadband ADSL	High Speed	

Note: If you acquire multiple Telstra Business Broadband services then you must associate the included ten (10) Business Mail POP mailboxes with a separate domain name for each Telstra Business Broadband service. Please refer to Our Customer Terms for details.

Note You can apply for a .com, .com.au, .org, .org.au, .net, .net.au, .biz or .info domain name. Please refer to Our Customer Terms for details.

Note We recommend that you check the availability of your proposed name on the following website <https://www.bigpond.com/domainnames/default.asp>.

Note To meet the eligibility criteria for .com.au, .net.au or .org.au domain names, your requested domain name must be an exact match, abbreviation or acronym of your name or trade mark or be closely and substantially connected to you.

Service Plan

Business Mail POP

The Telstra Business Broadband service includes ten (10) Business Mail POP mailboxes. Would you like Telstra to activate these mailboxes?

Yes No

You can apply for additional POP mailboxes as a Business Broadband extra, set out below.

You must have a domain name in order to use the Business Mail POP service. Please specify if you would like Telstra to register a new domain name for use with your Business Mail POP service or whether you would like to use an existing domain name

New domain name Use existing domain name

If you are applying for a new domain name, please list your proposed domain name (if applicable)

Proposed domain name (eg xxxx.com or xxxx.com.au)	http://www.
Business Category	<input type="checkbox"/> Sole Trader <input type="checkbox"/> Partnership <input type="checkbox"/> Company – State of Registration

If you have listed a proposed domain name ending with .com.au, .org.au or .net.au, you must indicate which of the following eligibility criteria for that domain name applies to you

The proposed domain name is an exact match, acronym or abbreviation of your name or trade mark

The proposed domain name is closely and substantially connected to you

If you are applying to use an existing domain with your Business Mail POP service, please list your existing domain name details, your existing domain name registrar and indicate whether you would like Telstra to host this domain name

Existing domain name (eg xxxx.com or xxxx.com.au)	http://www.
Who currently hosts this domain name?	
Would you like Telstra to host this domain?	Yes <input type="checkbox"/> No <input type="checkbox"/>

Please indicate whether you would like Telstra to activate your Telstra Business Broadband service using an existing fixed line service or a new BusinessLine Select fixed line service. If you are applying for a new service then additional charges apply. Please refer to Our Customer Terms for full details.

Note: If you are applying to relocate an existing fixed line service to a new site, further charges may apply. Please refer to Our Customer Terms for full details.

Additional charges may apply if you select a silent number. Please refer to Our Customer Terms for details.

Fixed Line Service

Please select from the following three options for your Fixed Line service

- Existing Telstra fixed line service at your site for your Telstra Business Broadband service (or if you are applying to relocate your site, then is there an existing Telstra fixed line service at your new site for your Telstra Business Broadband service)

If so, please list the number of your existing fixed line service (_____) _____

- Migrate existing fixed line service to your new site (relocations only)

If so, please list the number of your existing fixed line service (_____) _____

- New BusinessLine Complete fixed line service for your Telstra Business Broadband service. Have you already ordered your new service from us?

Yes

No

If Yes, please complete the following details

Order No	
New telephone number	
Provisioning date	

If 'No', please complete the details below.

If you are applying to migrate an existing fixed line service or for a new BusinessLine Complete fixed line service and there is already a fixed line service connected at your site, please list the number of that fixed line service (_____) _____

Directory Listing

Would you like the number of your new BusinessLine Complete fixed line service to be listed or silent?

Listed

Silent

No Entry Line

Suppressed Address

Carrier Pre-selection

Please select the carrier you would like for your new BusinessLine Complete fixed line service

Telstra

Other - please specify _____

Fixed Line Service

Select Barring Option

Please indicate below if you would like to bar certain types of outgoing calls from your new BusinessLine Select fixed line service

- | | |
|---|---|
| <input type="checkbox"/> No barring | <input type="checkbox"/> Bar IDD and Operator calls |
| <input type="checkbox"/> Bar IDD, STD, 190 and Operator calls | <input type="checkbox"/> Bar IDD and 190 calls |
| <input type="checkbox"/> Bar IDD, STD and 190 calls | <input type="checkbox"/> Bar 190 calls only |
| <input type="checkbox"/> Bar IDD calls only | <input type="checkbox"/> Bar Operator calls |

Terminating Point

Please select the point where you would like your new BusinessLine Select fixed line service to terminate

- | | |
|---|---------------------------------|
| <input type="checkbox"/> Building Distributor | <input type="checkbox"/> Socket |
|---|---------------------------------|

Please indicate the number of telephone handsets that you will use on the same physical phone line as your ADSL service _____

If you are ordering a new BusinessLine Select fixed line service from Telstra, Telstra can connect both your BusinessLine Select fixed line service and Business Broadband at the same time if:

1. A Service Qualification test determines that ADSL is available in your area;
2. You apply for your new BusinessLine Select fixed line service and your Business Broadband ADSL using the same name;
3. You have selected "New Service" or "Relocate an existing service (site location only)" for your Business Broadband ADSL;
4. Your new BusinessLine Select fixed line service is a stand alone service with no associated services (such as Line Hunt or Fax Stream Duet) attached to it; and
5. You are not a Priority Assistance customer.

You cannot participate in the DSL Transfer Process if you choose this option.

Do you wish to have Telstra connect your BusinessLine Select fixed line service and Business Broadband ADSL using one order if you meet the above criteria?

- Yes No

Customer Required Date (CRD) is the date by which you require your Telstra Business Broadband service to be activated or changed.

Telstra cannot make a firm commitment to connect or change your Telstra Business Broadband service by the Customer Required Date. Please see Our Customer Terms for further details.

Service Activation

Customer Required Date

I would like my Telstra Business Broadband service connected by _____

Customer Required Date (CRD) is the date by which you require your service to be cancelled.

Telstra cannot make a firm commitment to cancel your services by the Customer Required Date. Telstra will

Cancellation

Customer Required Date

I would like the following services cancelled by _____

- Telstra Business Broadband Service on the following account

endeavour to cancel your Telstra Business Broadband service on the cancellation date you have requested. However, your service may remain technically connected for up to 30 days after the Customer Required Date. If your service is used at any time prior to its technical disconnection, whether or not that use is authorised by you, we will charge you for the service up to and including the last day the service is used. Please see Our Customer Terms for further details. Early Termination Charges may apply if your services are cancelled before expiry of your minimum term.

Account Number	Ops Name	Full National Number (FNN)
		N R

- Fixed Telephone Line – please note you cannot continue to have a Telstra Business Broadband service if you cancel your fixed telephone line
- Please list the number of your fixed line service (_____) _____
- There are some Business Broadband extras you can continue to acquire on a standalone basis. Please tick which extras you would like to keep (additional charges apply)
- Business Online
- Remote Backup PC
- Remote Backup Server

Note Additional IP addresses can be ordered after your Telstra Business Broadband service is activated. The allocation of an IP address does not include the configuration of the IP address on your router(s) or in your local network by Telstra.

Additional IP Address Application

A single IP address will automatically be allocated to you as part of your Telstra Business Broadband service. If you require more than one IP address, please complete the IP Address Application form available from the link below. Your ten digit account number should be added to the field '10 Digit Telstra Internet Direct account number'.

<https://www.telstra.net/ipallocation/telstraIP.html>

Business Broadband Extras

If you would like to add a Business Broadband Extra to your Telstra Business Broadband service please complete the application section below

What is Broadband Equipment?

Telstra's Broadband Equipment service consists of a router with 12 month warranty services for use with your Telstra Business Broadband service.

Full details about the Broadband Equipment service are set out in Our Customer Terms.

Note: The Broadband Equipment is subject to availability. In respect of Cisco routers, the Broadband Equipment warranty services availability are dependent on the location where your equipment will be installed. Your order will be checked against the Service Availability matrix to confirm that we can provide the Broadband Equipment to you.

You can choose to install the equipment yourself, or have your equipment installed by Telstra. Please refer to Our Customer Terms for full details.

If you selected Onsite Installation, your equipment will be installed at the Site Address you indicated in the Service Details section of this Application Form.

Broadband Equipment

I would like to apply for the following equipment for use with my Telstra Business Broadband service

Service	Router [^]	Installation*
Broadband Equipment		

[^] In some circumstances, you may not be able to select self installation for your Broadband Equipment. These circumstances include:

- you have more than 4 phone outlets on the same phone line;
- you have a back to base monitoring alarm system;
- you have a PABX or other telephone system;
- you already have a central filter installed; and
- you require additional outlets.

*Note that the Telstra Router – Retail Self Installation Kit (“RSIK”) option is only applicable to you if you have already purchased the RSIK from a Telstra dealer. If so, you do not need to complete the rest of this section.

Delivery Contact Details

Please tick here if the contact details of the person who will accept delivery of your router are the same as the Technical Contact Details.

If not, please list the contact details of such person below

Contact Name		
Phone		Mobile

Delivery Address

Please tick here if you wish the router to be delivered to your Site Address.

If you require the router to be delivered to an address other than your Site Address, please complete address details below

Trading/Shop Name		
Level No	Unit No	Street No
Street Name		
City/Suburb	State	Postcode

In order to provide the warranty services, you must provide Telstra with the address where your equipment will be installed. We will record this as your Site Address unless you notify Telstra of a different address.

Note All active devices connected to phone outlets on your nominated telephone line must be fitted with a filter/splitter, or they may interfere with your ADSL service. Wall-phones use a special type of filter/splitter.

Note You can only order a maximum of 7 of both the

Broadband Equipment

Optional additional components (Telstra routers only)

Please indicate the number of optional additional components to be included with your Telstra router

Optional Components	Number
ADSL Filter/Splitter	

PCMXIA cards and USB adaptors combined.

ADSL Wall Phone Filter/Splitter	
---------------------------------	--

PCMCIA Card	
-------------	--

USB Adaptor

What is the Router Support Service?

The Router Support service is a 12 month subscription service which allows you to request certain changes and modifications to your Cisco 877W router configuration.

Full details about the Router Support Service are set out in Our Customer Terms.

An Early Termination Charge may apply if your Router Support Service is cancelled before expiry of your service term.

There are certain minimum requirements that you must meet in order for Telstra to provide the Router Support Service to you. Please refer to Our Customer Terms for full details.

Router Support Service

Please indicate if you would like to apply for the Router Support Service for 12 months

Yes, I would like to apply for the Router Support Service for 12 months

We will send a welcome email to the Billing Contact above setting out information on how to request changes to your router during your service term.

Business Online provides you with certain services to develop and host your own business website. Full details are in Our Customer Terms.

Note If you already acquire Business Mail from Telstra or you have applied for Business Mail in this application form you can apply for Business Online using the MissionControl portal. You do not need to complete this section.

Business Online

Please indicate whether you wish to apply for:

New Service Changes to existing service Migrate existing Business Online service to Telstra Business Broadband

If you are an existing Business Online customer, please provide the FNN and the VS Account Number for your existing standalone Business Online service

FNN _____

VS Account Number _____

The VS Account Number is a unique number we use to identify your existing Business Online service (if applicable). It can be found in the "My Account" section of Mission Control.

Note You can apply for a .com, .com.au, .org, .org.au, .net, .net.au, .biz or .info domain name. Please refer to Our Customer Terms for details.

Note We recommend that you check the availability of your proposed name on the following website <https://www.bigpond.com/domainnames/default.asp>.

Note To meet the eligibility criteria for .com.au, .net.au or .org.au domain names, your requested domain name must be an exact match, abbreviation or acronym of your name or trade mark or be closely and substantially connected to you.

Business Online

If you are applying for a new Business Online service or to change your existing service details, please complete the details below

Service	Option type	Capacity*
Business Online		

* Please note the 200MB capacity is not available for the ecommerce option.

You must have a domain name to use the Business Online service. Would you like to use the domain name provided with your ten (10) free Business Mail POP mailboxes?

<input type="checkbox"/> Yes (if yes, do not complete the rest of this section)	<input type="checkbox"/> No
---	-----------------------------

If you do not wish to use your Business Mail POP domain name, please specify if you would like Telstra to register a new domain name for use with your Business Online service or whether you would like to use an existing domain name

New domain name Use existing domain name

If you are applying for a new domain name, please list your proposed domain name (if applicable)

Proposed domain name (Eg xxxx.com or xxxx.com.au)	http://www.
Business Category	<input type="checkbox"/> Sole Trader <input type="checkbox"/> Partnership <input type="checkbox"/> Company – State of Registration

If you have listed a proposed domain name ending with .com.au, .org.au or .net.au, you must indicate which of the following eligibility criteria for that domain name applies to you

- The proposed domain name is an exact match, acronym or abbreviation of your name or trade mark
- The proposed domain name is closely and substantially connected to you

If you are applying to use an existing domain with your Business Online service, please list your existing domain name details, your existing domain name registrar and indicate whether you would like Telstra to host this domain name

Existing domain name (Eg xxxx.com or xxxx.com.au)	http://www.
Who currently hosts this domain name?	
Would you like Telstra to host this domain?	Yes <input type="checkbox"/> No <input type="checkbox"/>

Custom Networking delivers professional on-site set-up of the gateway router for up to 3 PC's. Set-up includes DHCP scope

Business Support

In order to acquire Business Support services you will need to sign a separate application form which we will provide to you once we have assessed your requirements. If you would like more

configuration, WiFi LAN and configuring each computer to send and receive emails and access and browse the Internet as required.

Advanced Networking extends Custom Networking to also include configuring NAT and basic filtering, access lists and port forwarding and 1 LAN Server (mail, web, proxy) to correctly access the Internet via the gateway router.

Cisco extended warranty support provides you extended warranty support for certain Cisco routers.

IT services on demand gives you a range of customised IT support and the ability to purchase computer incidentals such as patch cables.

Remote Assistance offers a quick and economical service by telephone and internet for delivering Advanced Networking support not requiring an on-site visit thus saving time and cost of an onsite technician callout.

Business Security provides a number of features for use with your Telstra Business Broadband service. Full details are in Our Customer Terms.

Note If you are migrating from a Telstra Internet Direct service, you are not able to keep the Telstra Internet Direct AntiVirus/AntiSpam service if you purchase Mail and Web Protection or Mail and Web Control.

You must take your Remote Backup PC plan or your Remote Backup server plan for a minimum of 12 months. An Early Termination Charge may apply if your Remote Backup PC or Server service is cancelled before expiry of your service term. Full details are in Our Customer Terms.

Business Conference includes audio conferencing and Web conferencing tools.

Video Collaboration allows you to conduct online conference with a certain number of participants (depending on the subscription plan you select), using personal computers with Internet browsers and internet connections with video, audio and data collaboration capabilities.

Our Customer Terms means the Standard Form of Agreement formulated by Telstra for the purposes of Part 23 of the Telecommunications Act 1997 (Cth), as amended by Telstra from time to time.

You may view Our Customer Terms at <http://www.telstra.com.au/customerterms/> or obtain a copy from Telstra. If you require information about detrimental changes to Our Customer Terms before they take effect, it will be available on the above website.

Privacy

Telstra's Privacy Statement is available at <http://www.telstra.com.au/privacy> or by calling Telstra on 1800 039 059.

By signing you warrant that you have the authority to make this application on behalf of the Customer named above.

Business Conference

If you would like to apply for one of our WebConferencing solutions please complete the appropriate order form below and you will receive account information for both web and self-hosted audio services.

Telstra WebConferencing-powered by Microsoft Office Live Meeting, http://conferencing.telstra.comsolutions/lm_signup.htm

Telstra WebConferencing-powered by WebEx, <https://conferencing.telstra.com/webex/signup.cfm>

Video Collaboration If you would like to apply for the Video Collaboration service please complete the separate application form which you can obtain from your Telstra Account Manager or by contacting Telstra Business Broadband Sales on 1800 655 744.

Your Application

I wish to apply for the services described in this Application Form and acknowledge that if my application is accepted it will be provided on the terms and conditions set out in this Application Form and Our Customer Terms. If there is an inconsistency between this Application Form and Our Customer Terms, this Application Form applies instead of Our Customer Terms to the extent of that inconsistency.

I acknowledge that I have either received, or have had the opportunity to review, a copy of Our Customer Terms.

For a new Telstra Business Broadband ADSL service, your contract term will commence on the date Telstra implements the access port connection or when we first supply any part of your Telstra Business Broadband service. Any change to an existing Telstra Business Broadband service will be effective from the date of implementation into Telstra's billing systems. Telstra will endeavour to cancel your service on the cancellation date you have requested. However, your service may remain technically connected for up to 30 days after the Customer Required Date. If your service is used at any time prior to its technical disconnection, whether or not that use is authorised by you, we will charge you for the service up to and including the last day the service is used.

Privacy

I agree, and will ensure that any of our related bodies corporate which receive services connected with this Application Form and our representatives are aware, that Telstra may

- (a) collect, use and disclose information (including for marketing purposes) about each of us in accordance with Telstra's Privacy Statement; and
- (b) give to, seek and obtain from, a credit reporting agency, information (including personal and credit information) about each of us to assess our credit worthiness.

Business Broadband Traffic Usage Acceptance

I understand that the Business Broadband service has been designed to continue to operate at full speed and will not slow once the service has reached my chosen data usage allowance in a month. I also understand that if I receive more data in a month than my chosen data usage allowance (except for Unlimited plans), Telstra may charge me an excess usage charge which will be billed to my Business Broadband account up to the maximum amount of the excess usage cap limit.

Domain Name Warranty

IMPORTANT NOTICE If you are applying for a ".au" domain name in this application form, by submitting this application, you confirm that you are eligible to hold that ".au" domain name, and that all information provided in this application is true, complete and correct, and is not misleading in any way. If any of the information is later found not to be true, or is incomplete, incorrect, or misleading in any way, or if you have submitted this application in bad faith, the domain name licence for the ".au" domain name can be cancelled and you can permanently lose the use of that domain name.
